

## For students enrolling in Fairfax County Public Schools

This form bundle allows you to enter data once and to have it appear in multiple locations. If you have more than one student, you can use the RESET button to clear out ALL student related information while keeping all parent data. The RESET button operates on ALL pages at once.

To make sure you are printing only the pages you need, we recommend you review each page to make sure it is complete and accurate and then print that page by choosing the print current page option within Adobe.

If filling out the bundle digitally, we recommend using Adobe Acrobat Reader. This is to ensure form fields and buttons work as intended. After installing Adobe Reader, you can change your browser settings to "Download PDF's" to automatically save the bundle onto your device. You may then locate the saved PDF and open in Reader.

## Parent Information About the Emergency Care Information Form

### What is the Emergency Care Information form used for?

School staff rely on the Emergency Care Information form to provide them with information needed to (1) contact a parent or other responsible adult in the event of an emergency concerning the student; (2) assist school staff or emergency medical services in the event the student requires medical services for illness or injury; (3) respond to requests to release of the student during the school day in nonemergency situations.

### Who is responsible for completing the Emergency Care Information form?

This form should be completed by the enrolling parent. The enrolling parent is the natural parent, adoptive or legal guardian with whom the student lives the preponderance of the school week and who enrolled the student in school.

### Who else should be listed in the Parent/Guardian Contact Information section of the form?

The Parent/Guardian Contact Information section has space for a student's other natural or adoptive parent or legal guardian to be listed. A parent's contact information should be listed in the second box if the parent shares legal custody of the child with the enrolling parent. School staff will share information about the student and will release the student to a parent who has legal custody of the child. A stepparent that resides with the child may also be listed in the Parent/Guardian Contact Information section of the form.

### Who should be listed in the Other Contact Information section of the form?

It is very important that school staff have contact information for at least two responsible adults who can be contacted in the event of an emergency when the parents cannot be reached. Other adult family members or friends should be listed in the Other Contact Information section of the form.

Please also note that school staff will allow any person you list on this form in the Other Contact Information section to pick up the child from school during the school day in both emergency and nonemergency situations.

### In the event of an emergency, who will the school notify?

In the event of an emergency, school staff members will attempt to contact the enrolling parent first. If the enrolling parent cannot be reached, school staff will then attempt to reach the parent/guardian, if any. If neither the enrolling nor other parent/guardian listed can be reached, school staff shall contact the people listed in the Other Contact Information section on the Emergency Care Information form. Once a parent or designated contact is reached, staff will provide him or her with information about the student and the emergency situation and will release the student to him or her, as appropriate.

A noncustodial parent may be provided with information about the child, but staff will not release the student to him or her without the written consent of the custodial parent (Regulation 2240, III.B, and IV.F).

### What should I do if I need to update the information on this form?

It is extremely important that school staff have the most up to date and accurate information about your child. The enrolling parent may update information on this form at any time by either contacting the school or accessing the [Online Verification/Update \(OVU\) packet](#) in SIS ParentVUE.

### Where can I find more information about FCPS's procedures regarding the emergency care information form and first aid and emergency treatment for students?

Please refer to FCPS Regulation 2240, Parent Participation and Decision-making and FCPS Regulation 2102, First Aid, Emergency Treatment, and Administration of Medication for Students for additional information.

### How do I change the phone number used for attendance and non-emergency calls?

Changes to the phone number used for attendance and non-emergency calls can only be made by contacting your child's school directly or using the [Online Verification/Update \(OVU\) packet](#) in SIS ParentVUE to make the change.
