Alexandria City Public Schools

- ACPS School Board launched the ACPS 2020 Strategic Plan: Every Student Succeeds in November 2015. This is the roadmap for the school division for the next five years. The Office of Communications won a National School Public Relations Association Golden Achievement Award for exemplary public relations for the launch of ACPS 2020.
- Over the last three years, ACPS continues to narrow the achievement gap by increasing the performance of all students while seeing the highest rates of improvement among historically under-performing subgroups in the content areas of reading, mathematics, and science.
- Charles Barrett Elementary School and Lyles-Crouch Traditional Academy were among 166 schools honored with the Board of Education Distinguished Achievement Award for 2016 in Governor Terry McAuliffe’s Virginia Index of Performance (VIP) program.
- George Washington Middle School became one of only 600 schools in the United States to be designated a ‘Model Program’ by the American School Counselor Association.
- T.C. Williams High School celebrated its 50th anniversary graduation with a ceremony where the commencement address was given by U.S. Secretary of Education John B. King, Jr.
- ACPS has earned the 2016 Annual Achievement of Excellence in Procurement Award from the National Procurement Institute, Inc. (NPI). It is the first time that ACPS has received this highly regarded distinction.
- ACPS Superintendent Dr. Crawley was presented with the 2016 Education Leadership Award. He was acknowledged for his commitment to students, his excellence in education and his involvement in the community in promoting education.

City of Fairfax Public Schools

- Since 1962, the City of Fairfax School Board has contracted with Fairfax County Public Schools (FCPS) for the delivery of educational services. The City School Board owns and is responsible for its school buildings. Students in city schools have access to the same programs as are provided in all Fairfax County Public Schools.
- The City of Fairfax School Division is comprised of four buildings housing some 5,500 students in grades PreK-12. About 3,100 of these students are residents of the City of Fairfax, with the remainder residing in Fairfax County.
- City of Fairfax Schools include:
 - Daniels Run and Providence Elementary
Daniels Run and Providence elementary schools completed major renovations in 2000. Both schools provide a state of the art instructional environment, with technology available as a tool for learning. Both schools have additional resources to support a focus on mathematics, science, and technology. These schools are among the first in the region to offer world language instruction to all students. Each school has a capacity of about 800 students.
 - Lanier Middle School
Lanier Middle School, often recognized for the rigor of its academic program, completed an extensive renovation in the spring of 2008. The renovated school provides a technology rich learning environment, as well as superior facilities for instruction in physical education and the arts. The capacity of Lanier is approximately 1,200 students.
 - Fairfax High School
Fairfax High School, renovated and rededicated in the fall of 2007, is an academic and arts showcase. Offering students a challenging academic program, including a full range of AP courses, as well as the specialized programs of the Fairfax Academy for Communication Arts, graduates are fully prepared for their futures; approximately 90 percent continue their educations in post secondary institutions. The capacity of Fairfax High School is 2,400 students.

Fairfax County Public Schools

- Fairfax County Public Schools (FCPS), the nation's 10th largest school division, inspires and empowers students to meet high academic standards, lead healthy, ethical lives, and be responsible and innovative global citizens.
- The FCPS Strategic Plan, Ignite, provides a framework for decision making that builds upon a common mission, vision, and guiding principles held by the community. The Portrait of a Graduate is the center of the Strategic Plan.
- Based on the 2016 *Washington Post* rankings, of nearly 2,300 top U.S. high schools, all Fairfax County high schools have been designated among the most demanding public schools in the country and two schools ranked within the top ten percent of high schools nationally.
- Thomas Jefferson High School for Science and Technology (TJHSST) was ranked by *U.S. World and News Report* in 2016 as the number five gold medal school. Additionally, TJHSST was ranked number three for the best STEM school. In total, FCPS received twelve gold medal awards, one of which was ranked in the top 100 high schools nationally, and four silver medals.
- Twenty-six FCPS schools received the 2016 Board of Education Excellence Award, recognition of schools and divisions that have met all state and federal achievement benchmarks and have made significant progress toward goals for increased student achievement and expanded educational opportunities.
- Twenty-three FCPS schools received the 2016 Board of Education Distinguished Achievement Award. Eight Virginia schools, including three FCPS schools, received the Governor's Award for Educational Excellence.
- Ninety-four percent of FCPS schools, compared to 81 percent statewide, earned full state accreditation from the VDOE based on the results from the Virginia SOL tests administered during the 2015-2016 school year.
- Fairfax County Public Schools' 2016 SAT average of 1672 exceeds both the state (1522) and national average (1453).
- FCPS was named one of 15 first place award winners in the National School Boards Association 2016 Magna Awards competition for its program on the FY 2017 Budget that solicited community feedback and sought to provide the public with a voice in the budget process.

Manassas Park City Schools

- The MPCS tradition of excellence emerging with a path of innovation to transform teaching and learning by embracing a blended learning model for all students. Phase III of the MPCS 1:1 environment provides individualized learning for grades 5 through 12 and incorporates the 4 C's (Creativity, Critical Thinking, Communication/Compassion, and Collaboration) in order to educate students to be global learners.
- Extreme Networks recognized MPCS with the Exemplary School Award for Commitment to Personalized 21st Century Learning Environment.
- MPCS continues the Balanced Calendar that began in the 2015-2016 school year; maintaining the 180-day calendar, but with a balanced approach that provides frequent enrichment, remediation and breaks.
- All students grades K-12 are provided opportunities to participate in STEM education. These programs are supported by The BELL Foundation, the education foundation for Manassas Park.
- The Early Identification Program (EIP), in partnership with George Mason University, has 44 MPCS student participants. The program promotes higher education to potential first generation college students.
- MPCS adopted, practices and continues to train their staff on ALICE – Alert, Lockdown, Inform, Counter, and Evacuate – a set of proactive strategies that moves beyond lockdown and increases the chance of survival during a violent intruder event.
- The city's diversity extends into the school system where students speak over 40 different languages at home.
- Located at the Manassas Park Community Center the Mason and Partners Clinic (MAP) – a partnership between MPCS, George Mason University, and surrounding health care providers was established to serve the medical needs of the uninsured.
- MPCS enters the third year partnering with the Capital Area Food Bank. The partnership distributes over 70,000 pounds of food to families during the school year. Staff members from all four schools, administration, and the City of Manassas Park come together at Manassas Park High School and volunteer their time to organize and distribute food to families. MPCS was recognized at the 2016 Raise the Region Gala Event held by the Community Foundation for Northern Virginia for these efforts.

- According to Education Week, MCPS has one of the highest graduation rates among the nation's largest districts. The Schott Foundation reports that MCPS has the highest graduation rate in the nation for African American males in the nation's largest districts.
- A total of 33,554 AP exams were taken by MCPS students in 2015. Students earned a score of 3 or higher on 74% of the exams.
- In 2015, the percentage of African American and Hispanic graduates earning a 3 or higher on at least one AP exam surpassed the state average.
- The Class of 2015 earned a 1629 average combined SAT score, surpassing both national and state averages. Sixty-seven percent of graduates took the SAT and MCPS' Hispanic and African American students outperformed their peers across the nation.
- More than \$343 million in scholarships were awarded to MCPS students in the Class of 2016.
- 52% of Grade 8 students completed Algebra 1 with a "C" or higher in 2015.
- MCPS received the 2010 Malcolm Baldrige National Quality Award, the highest presidential honor given to American organizations for performance excellence. MCPS became only the sixth public school system to receive the award and is by far the largest school district to be a recipient.
- In 2010, MCPS was named one of 5 finalists for the prestigious Broad Prize for Urban Education, the largest education prize in the country. MCPS was chosen as a finalist from a pool of 100 school districts.
- MCPS leads the state with more than 700 teachers certified by the National Board for Professional Teaching Standards, a national recognition of professional excellence.

- PGCPS is nationally recognized for its innovative programs and initiatives, including the Academy of Health Sciences Middle College, expansion of career academy course offerings, and partnerships with businesses and institutions of higher learning. It is our mission to advance the achievement of its diverse student body through community engagement, sound policy governance, accountability, and fiscal responsibility.
- Building on significant academic progress, the Board of Education reconciled and approved a \$1.9 billion operating budget on June 14, 2016, an increase of \$82.2 million. This budget will expand prekindergarten offerings, aerospace engineering, aviation tech and career academy programs, increased focus on early literacy and numeracy efforts and the Parent University designed to engage parents in their child's education. Additional resources were added to meet compliance requirements associated with mediated settlement agreements, cover mandatory costs of conducting school business, as well as funding to support Student-Based Budgeting to all schools.
- The FY 2017 Operating Budget approved by the Board includes a net increase in State Aid of \$48.9 million, primarily due to adjustments in state aid programs. County funding, including both the telecommunications and energy tax estimates, totals \$698.3 million, an increase of \$29 million from FY 2016. The County met its Maintenance of Effort obligation by \$18.9 million.
- The FY 2017 approved Federal funding decreased by \$6.3 million, due to a decrease in the federal restricted grants, including the sunset of the Race To The Top funds. Board sources amount to \$13.3 million, which is a decrease primarily due to a decline in tuition revenue and restricted board sources.
- The FY 2017 approved expenditure budget was focused on four key strategic plan initiatives: 1) Academic Excellence; 2) High Performing Workforce; 3) Safe and Supportive Environments; and 4) Family and Community Engagement; 5) Organization Effectiveness. Supporting these areas required the system redirect over \$12.3 million of existing resources.
- The FY 2017 Operating Budget supports our promise of "Outstanding Academic Achievement for All Students," and our mission "to provide a great education that empowers all students and contributes to thriving communities."

- Divisionwide on-time graduation rate is 91.4%, up from 83% just seven years ago, and ranking the Division seventh among the nation’s 50 largest school districts;
- One-third of PWCS graduates receive at least one qualifying score on an Advanced Placement, International Baccalaureate, or Cambridge examination, beating both national and Virginia averages;
- More than 94% of PWCS students took a Career and Technical Education course leading to certification or licensure last year—participation in this important part of career and college preparation is up from 77% two years ago;
- Half of PWCS students completing eighth grade last year had already earned a high school credit in a “world language;”
- PWCS student average SAT scores exceed national average and has increased by 17 points since 2010-11;
- PWCS is closing the SAT performance gap, with black students outperforming counterparts across the state and the nation in reading, writing, and math;
- All PWCS high schools are fully accredited;
- PWCS is known nationwide as a leader in robotics, with every Division school offering a team or program to engage students in this vital gateway to science, technology, engineering, and math; and
- Since 2012, PWCS energy management efforts have avoided \$17.8 million dollars in energy costs, allowing savings to be reallocated to other vital areas.

FY 2017 Expenditure Data Definitions

Operating Fund

or

Budgeted Current Expenditures:

The data in this category include all funds for day-to-day expenditures for operation of the school system such as regular and special education instruction; may include grants such as Head Start, NCLB, Impact Aid, Perkins, and grants associated with IDEA; transportation costs including costs for new and replacement buses; and building maintenance for educational programs. Budgeted current expenditures also include the employer's share of employee benefits whether paid by the school district, municipality, or the state. The expenditures are typically funded in the school operating fund.

Construction and Renovation:

This category includes all expenditures (which are typically funded in a capital improvements fund or budget) for land, new construction, major renovations, and relocatable classrooms, whether funded by the school district, municipality, county, or state through bond sales or "pay-as-you-go" expenditures.

Debt Service:

This category includes all payments for principal and interest on long-term debt whether paid by the school district, municipality, county, or state.

Food Service:

This data include all expenditures for the school food services program regardless of the funding source (federal, state, and local subsidies; and food sales).

Other Governmental Funds:

This category includes other Governmental Funds expenditures not included elsewhere, such as:

- Grants budgeted in a fund other than those listed previously.
- Adult education, defined as any remedial, enrichment, or makeup course or program offered outside of the regular school year.
- Summer school, defined as any remedial, enrichment, or makeup course or program offered outside of the regular school year.
- Other expenditures not defined elsewhere and defined within the chart.

¹ Alexandria City Public Schools district does not allocate positions based on staffing ratios for middle and high school classrooms.

² Fairfax County Public Schools district's staffing ratios also take into account the number of students eligible for free and reduced priced meals and ESOL services. Additional teacher positions are allocated from the staffing reserve to help eliminate class size of 30 and above in elementary schools. For a complete listing of staffing formulas, see the appendix of the FY 2017 Approved Budget.

³ Montgomery County Public Schools district's numbers are maximum class size guidelines and not ratios or targets for class sizes. With guidelines for maximums, the actual numbers end up being less than the guideline.

⁴ Prince George's County Public Schools district uses Student Based Budgeting (SBB) and student-classroom teacher ratios are not instituted. SBB gives Principals the autonomy to allocate staff based on the students enrolled and the specific needs of those students.

² Classroom teachers are positions used to determine class size.

³ Students per teacher-scale positions include classroom teachers and other teachers such as ESOL/ESL, librarians, reading, coaches, mentors, music, art, physical education, etc.

⁴ Fairfax County Public Schools district does not reflect additional funding to alleviate large class size in the elementary schools.

⁵ Alexandria City Public Schools district has six daily periods per Encore teacher and five daily periods per Core teacher.

⁶ Prince George's County Public Schools district uses Student Based Budgeting (SBB) and student-classroom teacher ratios are not instituted. SBB gives Principals the autonomy to allocate staff based on the students enrolled and the specific needs of those students.
