

Understanding Data Flow and the Frontline GIS Tool demo

Discussion Questions

Once you have watched the demo video, please discuss the following questions in your groups and note down key points from your discussion on the chart paper provided:

1. Opportunities:

- What opportunities does the Frontline tool present that we should leverage in the boundary review process?
- How can it help address the four priorities in Policy 8130:
 - i. Access to Programming
 - ii. Enrollment/Capacity
 - iii. Proximity
 - iv. Transportation

2. Questions:

- What questions do you still have about the Frontline tool?
- What additional information or features would help clarify its role in the process?

At the end of the discussion, each group will share-out one key opportunity and one key question discussed.
