

## Observation Form 5

### Questioning Techniques Analysis

Instructional Resource Professional

Teacher Name \_\_\_\_\_ Date/Time \_\_\_\_\_

School \_\_\_\_\_ Evaluation Year \_\_\_\_\_

Program \_\_\_\_\_ Observer Name \_\_\_\_\_

*Directions: Record all the questions asked by the instructional resource professional orally and in writing during the lesson. Place the question in the space beneath the appropriate level. Then tally the number of questions by level and calculate a percentage.*

Type of Question	Total #	Percent
Low Cognitive (Recall)		
Intermediate Cognitive (Comprehension)		

## Observation Form 5

### Questioning Techniques Analysis

Instructional Resource Professional

Application and High Cognitive (analysis, synthesis, evaluation)		
<b>Total of all questions</b>		

Based on the percentages what level of thinking was targeted?

How clearly worded were the questions?
