

Dear Fairfax County Community Member,

Fairfax County Public Schools has almost completed the process of drafting a new Strategic Plan, which will guide the school division in the years ahead. As a community, strong schools matter to all residents. Feedback from families, employees, students, community members, and community partners has been an important part of this effort.

Before completing FCPS' new Strategic Plan, we encourage you to share your final input on the most recent draft goals, measures, and pillars. Your feedback will help FCPS know whether they are on the right path to ensuring a thriving future for each and every student. When our students succeed, the entire Fairfax County community benefits. Your voice matters!

[Take the survey.](#)

If you have questions about the survey, please email [strategicplan@fcps.edu](mailto:strategicplan@fcps.edu). If you would like to provide additional input, [fill out the Let's Talk!](#) feedback form.

Thank you in advance for your time and for helping ensure that each and every FCPS student has a thriving future.
